

Personalized Swaying Service from GenderDreaming.com

Let's face it- there is a TON of information regarding gender swaying on the Internet. You can buy a "kit", "special diet plan", "magic date" lunar calendars, etc., but we at Gender Dreaming do not believe in a one size fits all approach to swaying. We are all individuals with individual body chemistries and predisposed genetic makeups. In order for a sway to be effective, you have to address the individual and no kit or magic date will work for everyone.

Swaying is not easy and it takes a lot of research and planning to develop your own plan. Why not let "The Expert" create a plan for you? Atomic Sagebrush has spent thousands of hours researching gender swaying and now she can create a plan for you and guide you through the process! Let her be your guide and map out the exact steps to take to achieve your best sway- made just for you!

Let Us Create a Plan for You.

Our Personalized Swaying Service is designed to take you, the individual, into and formulate a plan that works for you and your lifestyle. We cover areas including Supplements, Diet and Blood Glucose consideration Levels, Exercise, Weight, Lifestyle, Sperm Count, Controlling CM and pH, the Attempt pH and a Schedule beginning with 90 days out through Ovulation and BFP.

This is a Service, not just a plan!

What do you receive?

After we collect the data, you will get access to your own Private Forum on Gender Dreaming and you will receive a succinct, easy to follow swaying plan made by our resident expert, Atomic Sagebrush, including a 90-day schedule for your Swaying Attempt.

We do not want to simply provide the plan and walk away though. As part of the service, we will be available to coach you every step of the way while you sway and even beyond. If you have questions, we will answer them and, if something isn't working for you or you change your mind at any point and want to do things differently, that's OK! This is YOUR sway and we will do it YOUR way.

But, it is YOUR plan, not a one size fits all kit, no magic pills, a comprehensive plan for you to follow to achieve your Gender Dream!

How we can help.

Your Personalized Swaying Plan will be posted in your own Private Forum where you may then post questions to our Swaying Coaches and receive prioritized responses. Support is provided through your attempt, beginning as far as 90 days out.

The Personalized Swaying Service is \$75USD and includes the Plan and Schedule.

Does Gender Swaying Work?

Only Elective IVF with PGD can provide a gender guarantee but that is a very invasive and expensive process and certainly not for everyone. Regardless of what the conventional wisdom claims, what "experts" say or even what your family doctor believes, the evidence demonstrates that gender swaying is possible, and sex ratio of offspring is neither simple luck or entirely determined by the male. We may not know why or how it all works just yet, but the evidence is definitely on the side of swaying.
